MOLAPRISE

Modern Technology for Schools & Libraries — Powered by E-rate Funding

Helping you secure funding, choose the right technology, and create safer, smarter learning environments.

ABOUT US

Stronger Networks. Safer Data. Better Learning.

Molaprise works with leading technology providers including Cisco, HPE, Microsoft, and AWS to deliver secure, scalable, and future-ready technology for K–12 schools and libraries. We help you access funding programs like E-rate so you can afford the right solutions — and we manage the process from planning to implementation.

WHY MOLAPRISE

We understand the unique challenges schools and libraries face — from budget constraints to compliance requirements.

- 10+ years of SLED technology expertise
- Certified engineers in networking, cloud, and cybersecurity
- Proven success delivering E-rate funded projects on time and on budget
- Vendor-neutral recommendations to ensure the best fit for your needs

We guide schools and libraries through the E-rate process to secure funding for eligible solutions — from needs assessment and RFP support to installation and invoicing.

WHAT WE DO

Cloud & Digital Transformations

Hybrid cloud, storage, and computing resources for scalable growth, plus classroom collaboration tools, AV solutions, and managed services to keep your technology running at its best.

Cyber Security Solutions

Comprehensive cybersecurity to safeguard student, staff, and community data — including firewalls, secure access, threat prevention, and physical security systems.

Infrastructure Modernization

High-performance wired and wireless networks designed for today's classrooms and libraries, with scalable solutions from Cisco, HPE, and other top providers.

Trusted Technology Partners

aws · FORTINET · Hewlett Packard Enterprise · CISCO · aruba NETWORKS · DELL Technologies · Cisco webex

Microsoft Teams · CITRIX · zoom · Microsoft · JUNIPER NETWORKS · Google Cloud · CHECK POINT

NUTANIX · vmware · cradlepoint · veeAM · Secureworks · SentinelOne · SOPHOS
